

Walkway Projector™

Walkway image projector for pole mount

The Walkway projector is a Image projector with the capability of projecting images onto the walkway, parking lot, and the side of a building. The projector is mounted on a pole and can be portable or permanent. Multiple projectors can be mounted on a single pole.

The Walkway projector is a complete projection system consisting of a powder coated housing, and 6ft power cord. Contact RazTech Lighting for custom variations.

For outdoor use

Walkway ProjectorTM Specifications

Walkway_Projector standard (single) lens

Walkway_Projector wide angle (double) lens

Variable beam spreads can be accomplished by repositioning lens. (Only on WhiteLite double lens.)

A third lens can be added to the WhiteLite for greater beam spread.

Formulas for image size and projector distance

d=distance from projected surface to projector (feet)
i=image size (feet)

Single lens formula

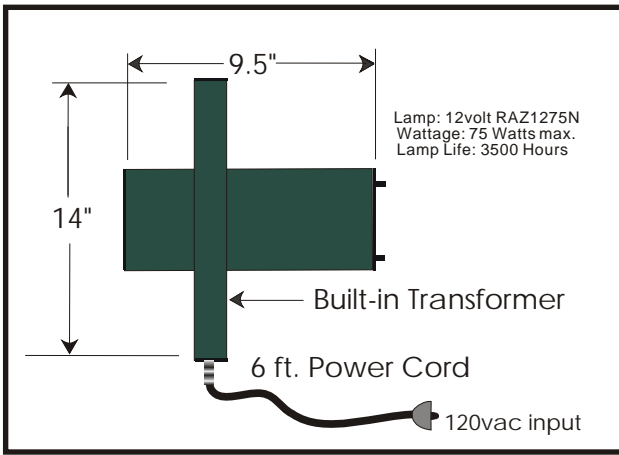

Double lens formula

$$d=3.80i$$

$$i=0.26d$$

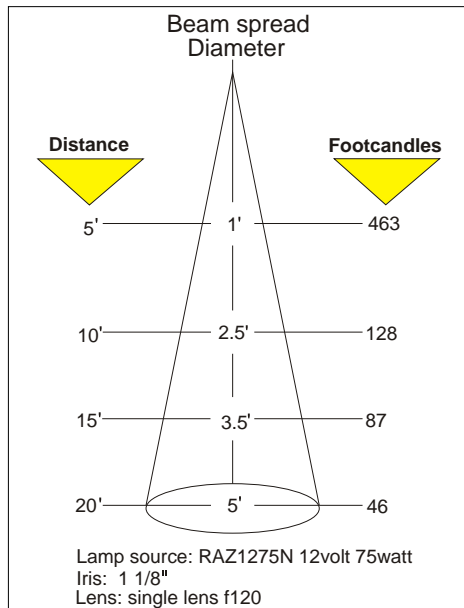

$$d=1.60i$$

$$i=0.60d$$

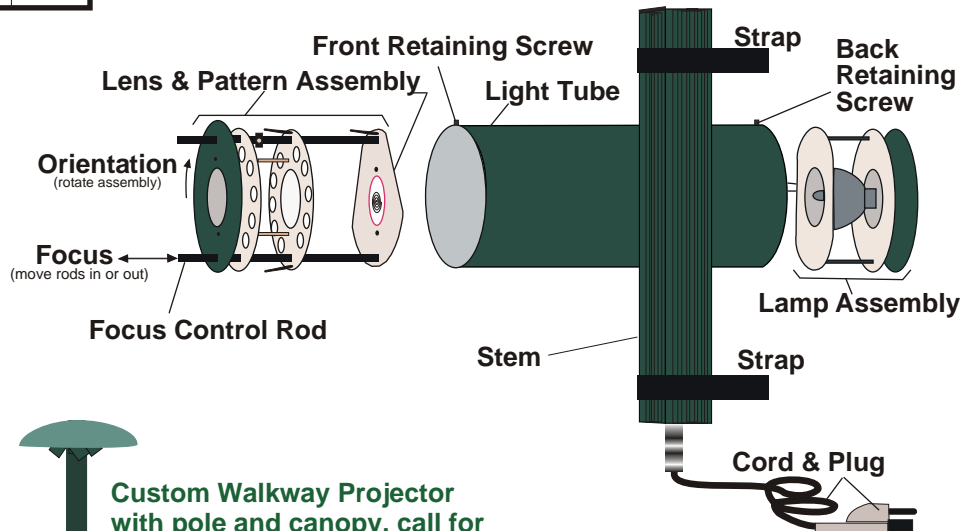

Item#	Description	Price
Raz-w/s	Single Lens Walkway_Projector for 23 foot throw	
Raz-w/d	Double Lens Walkway Projector for 10 foot throw	

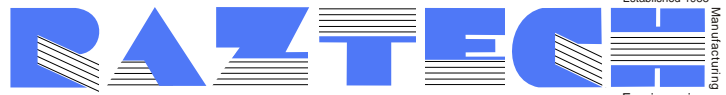

Photometrics

Another lens can be added to the projector to double the image size at the same distance.

Custom Walkway Projector with pole and canopy, call for details.
